

# Fitdog Enrichment at Home

Enrichment Starter Plan

FITDOG TRAINING ACADEMY

## Enrichment 101

### Fulfillment beats exhaustion.

Enrichment is not a bonus. It is part of a healthy behavior plan.

Sniff

Chew

Puzzle

Train

#### TRAINER NOTE

If your dog finishes puzzles instantly, increase difficulty slowly — or add sniffing.

#### Start here

Dog's name

Date

Owner

Best reward

#### Daily outlets

Sniffing, chewing, and problem-solving are needs — not extras.

#### Match difficulty

Enrichment should engage, not frustrate.

#### Track engagement

Enrichment is not about making your dog tired. It is about helping your dog feel fulfilled...

### 1 Training goal

#### YOUR GOAL THIS WEEK

Enrichment is not about making your dog tired. It is about helping your dog feel fulfilled.

### 2 Lesson focus checklist

| <input type="checkbox"/> Food puzzles        | <input type="checkbox"/> Sniff games    |
| <input type="checkbox"/> Scatter feeding     | <input type="checkbox"/> Training games |
| <input type="checkbox"/> Decompression walks | <input type="checkbox"/> Chewing        |
| <input type="checkbox"/> Problem-solving     |                                         |

#### Supplies needed

- Food puzzle or Kong
- Treats/kibble
- Cardboard box

- Snuffle mat or towel

## STARTER PLAN · TRACK

### 3 Step-by-step practice plan

**WHY THIS MATTERS**

Dogs need outlets for sniffing, chewing, and problem-solving every day — not only when behavior breaks down.

Pick one food-based enrichment: scatter feed, puzzle, or stuffed Kong.

Set it up in a quiet spot. Let your dog work for 5–10 minutes without interruption.

Add one sniff game: hide treats in a towel or cardboard box.

Log which activity kept your dog engaged longest.

Schedule one enrichment session before a usual chaos time (before guests, before leaving).

### 4 Build your enrichment menu

**Sniff**

Snuffle mat, scatter feed, or find-it game

**Chew**

Frozen Kong, safe chew, or cardboard shred box

**Puzzle**

Food puzzle, muffin tin, or towel wrap

**Train**

3-minute trick or manners session

### 5 5-day rotation starter

| Date  | Activity     | Duration | Engagement 1–5 | Notes                 |
|-------|--------------|----------|----------------|-----------------------|
| Day 1 | Scatter feed | 8 min    | 5              | Used breakfast kibble |
|       |              |          |                |                       |
|       |              |          |                |                       |
|       |              |          |                |                       |
|       |              |          |                |                       |

**D1****Sniff focus**

Scatter feed break-fast.

**D2****Chew focus**

Frozen Kong at calm time.

**D3****Puzzle focus**

Easy food puzzle.

**D4****Train focus**

3-min trick session.

**D5****Mix & review**

Repeat best from the week.

## REVIEW • REFLECT

**5 Common mistakes to avoid**

## AVOID THESE

- Using enrichment only when the dog is already destructive.
- Puzzles that are too hard = frustration, not fulfillment.

**If this happens, try this**

## IF THIS HAPPENS, TRY THIS

• If your dog loses interest, make it easier or use higher-value food.  
• If your dog gets frustrated, stop the enrichment and try a different activity.  
• If your dog is still stuck, contact Fitdog if safety is a concern.

**6 Ready to progress?**

- ☐ I can explain "Enrichment 101" clearly.
- ☐ I added at least one new enrichment activity this week.
- ☐ I ended sessions while my dog was still engaged.
- ☐ My dog had daily outlets for sniffing, chewing, or problem-solving.

Offer one sniff, chew, puzzle, and training game this week. Note which kept your dog engaged longest.

**Which enrichment type did my dog love most?**

**When did enrichment help prevent unwanted behavior?**

**What will I add to tomorrow's routine?**

## WELFARE / SAFETY

Supervise new enrichment setups. Remove items your dog could swallow or destroy unsafely.
